Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	<i>Cultural heritage, visual arts, archaeology, anthropology, arts and technology.</i>
Description or summary of the proposed project	<i>We want to join cultural projects developed in coal regions in transition or connected to decarbonisation processes. Programmes in line with the European Green Deal and the New European Bauhaus, to co-create, adopt and disseminate environment-friendly practices, as well as to raise awareness on sustainable development through cultural activities</i>

	<p><i>Initiatives working on how to inspire, stimulate and activate a social transformation through arts and culture, to connect and recognise the value of former mining lands, from new perspectives, different from their extractive possibilities, with the participation of the community. The Paleobotanical of Fabero aims to increase cultural access to and participation in culture as well as audience engagement and development both physically and digitally.</i></p> <p><i>We are looking for like-minded projects promoting intercultural dialogue and enhancing social inclusion as well as the communities' resilience through culture, with special focus on people with disabilities, minorities and socially marginalised groups.</i></p> <p><i>We want to set up an International Cultural working group along with organisations based in coal regions in transition or connected to decarbonisation processes. A think tank to work on how to inspire, stimulate and activate a social transformation through arts and culture. To build the capacity within the European cultural and creative sectors, including grass-roots organisations and micro-organisations, to be active at the international level –in Europe and beyond.</i></p>
