Aims and activities of the organisation	<p>TELOK was founded in March 2021 with the idea of including art, culture and education as areas for the professional formation of talented and professionally oriented high school students and students.</p> <p>The need to establish TELOK arose from the fact that in our region there is not a single form of organized action established in this form. Based on this, through personal experiences and the exchange of opinions, the initiative to establish TELOK was initiated by Violeta Šarenac, M.Sc., a full professor at the University of Kragujevac Faculty of Philology and Arts at the Department of Piano, and a student of basic academic studies at the Department of Music Arts at the Department of Music in the Media Stefan Milivojević.</p> <p>The activity of TELOK and the achievement of the goal began with the opening of the association, because it was then, a year ago, that the first cycle of free consultations for enrollment in basic and master's academic studies was opened. The first cycle was completed very successfully, and at the same time TELOK started organizing concerts and promoting young artists as independent musical performers who deserve the respect of the audience.</p> <p>Within its operations, TELOK also has youth, which is managed by youth president Lazar Živadinović, with the help of his associates and members.</p> <p>In the current period, TELOK creates and realizes a large number of projects in the fields of culture, art, music and education. In its first year of operation, TELOK entered into significant cooperation with government and local bodies operating in the same areas as TELOK.</p> <p><i>In June 2021, the portal "Telo Kulture" opens, which in April 2022 will grow into a professional magazine in the field of culture, art and education.</i></p> <p>The events organized by TELOK were very well attended, which only showed us that in addition <i>to musically educated people,</i></p>

	<p><i>there are</i> also a large number of people interested in something completely new and interesting. The TELOK Association is also the founder of the TELOK Foundation as well as many other legal entities and platforms.</p> <p>Below you can see basic information about the projects in which the TELOK Association actively participates and implements.</p> <p>In addition to these projects, the TELOK Association organizes numerous concerts, literary evenings, book promotions and other events that fit into the main goal of the Association as well as the activity itself: https://telok.org.rs/projekt-udruzenja/</p>
